BASEBALL

Committee/Event leader fact sheet

Event/Project Name: Moving up game

Event/Project Description: Organize a "moving up" game that involves those players in the rookie division that are moving up to the minor division. The game is played on the Red Oaks small field. This is usually the first experience for the Rookie players on this field. Form two teams by soliciting players from managers of all teams. Find managers to manage the teams. Make sure there is an announcer for the game, and the concession stand is open.

Amount of time devoted and when: 5 hours setting up teams, reserving practice fields, organizing umpires, securing announcers. Game is usually the second or third week in June. Needs to be coordinated with All Stars. Games are played at Red Oaks Mill.

Costs involved in this project/event: The cost is for Hat and T shirts for both teams plus trophies for the winners and runner ups. Last year medals were given.

Notes: Excellent PR for the younger division. Brings the rookie division parents a taste of what to expect the next few years.
